Large Forward Lefthand Storage Cabinet

Two Heated Mapco Containers

Dual Concorde Lead Acid Batteries

Other

Always US Based

Document 12 Inspection Due May 2029

CAMP Maintenance Tracking Program

Interior

Eight-passenger interior configured in a double club arrangement with a forward left-hand closet opposite a large forward right-hand galley. All club seats are berthable featuring 360-degree swivel capability. Passenger seating is completed in light gray leather and complemented with an off-white headliner, PSU, and upper sidewalls. The lower sidewall fabric is light gray, and carpet is charcoal with a stripe pattern. The aft cabin bulkhead is accentuated with a bronze mirror. Metal surfaces throughout the cabin are finished in satin almond gold. All cabinetry is birdseye maple wood veneer in a hi-gloss finish. Cabin entertainment system includes a dual DVD player and dual 10.4" LCD video monitors located on the forward and aft bulkheads. 110VAC cabin outlets include two in the main cabin, two in the cockpit, and one in the lavatory. An Airshow 4000 system provides passengers with aircraft position and information data on the monitors.

The large galley-bar unit includes miniature liquor storage, gasper cooled beverage can rack, gasper cooled catering drawers, ice drawer with divider, trash container, china, flatware, and crystal storage, and two heated liquid containers. Complete interior refurbishment including refinished wood was accomplished by Southstar Aircraft Interiors in April 2023.

Specifications and/or descriptions are provided as introductory information only, and do not constitute representations or warranties of Pinnacle Aviation. Accordingly, you should rely on your own inspection of the aircraft. Subject to prior sale.
