Interior

The 13 passenger interior features a forward four place club configuration with berthable, mechanically actuated seats, a four place dining/conference group opposite a credenza in the mid cabin, and two club seats opposite a three place divan in the aft cabin. All seating is completed in light tan leather, and complemented with satin finish, book-matched burl wood veneer cabinetry throughout. The interior woodwork was refurbished in April 2021 by Cabin Crafters Inc. Neutral carpeting and softly toned sidewalls and headliner contribute to a balanced, large-cabin aesthetic feel. A solid pocket door separates the mid and aft cabin zones, providing physical and acoustic separation. A forward galley is equipped with a high temperature oven, microwave oven, and coffee maker. The aircraft features a forward crew lavatory and an aft passenger lavatory. Cabin entertainment and controls are managed through a Collins Venue Cabin Management System with Airshow 4000, and the aircraft is equipped with Gogo AVANCE L5 high-speed internet for in-flight connectivity.

Specifications and/or descriptions are provided as introductory information only, and do not constitute representations or warranties of Pinnacle Aviation. Accordingly, you should rely on your own inspection of the aircraft. Subject to prior sale.

For over 35 years Pinnacle Aviation's team of experts has provided sales and aircraft solutions by listening to your needs. We then go to work and apply our knowledge of the current market and guide you in making the right choice. If you would like further information on this Dassault Falcon 7X, please contact Pinnacle Aviation at 800.333.1680.
